

KANSAS CITY IS FLOODED

Suffering Is Still Very Acute, and Many Thousands Are Now Homeless.

RIVER IS STILL UP

Waters Were Within Two Feet of the Mark of 1844, at Noon.

(Special By Scripps-Mellae.) Kansas City, Mo., June 2.—The Missouri river this morning registered thirty-five feet which is the highest mark for the present flood and but two feet below the awful flood of 1844. Misty weather prevails and frequent showers fell during the night. The city water is still shut off and that is what distresses the people most at present.

**Fires Imminent**  
There is a danger of devastating fires and this is the source of the greatest alarm to persons owning buildings which depended upon the city water supply for protection. Already serious illness has broken out in Convention hall where the number of refugees now number five thousand and are still increasing.

**Resume Service**  
Street car service was partially resumed today but will be discontinued at nine tonight so that the people will be kept off the streets. Practically every industry using boilers are out of business. Saloons remain closed and retail houses are doing nothing. The gas supply gave out for two hours around breakfast time.

**Reduced Form**  
The newspapers appeared this morning in reduced form and mostly with hand-set matter. Forty thousand and sufferers remain homeless and a majority will never see their home again. Communication with Kansas City, Kas., is only made at intervals by means of steamers. Telephone service is practically all stopped this morning, power having given out.

**Little Lawlessness**  
Despite the fact the city was dark last night law breakers seemed awed by the order to shoot and kill all thieves and they stayed in doors. Some of the big packers began their work this morning with small forces.

COCHRAN TALKS ON PRESIDENCY

New Yorker in London Claims That Cleveland Can Be Elected Next President.

London, June 2.—W. Bourke Cochrane, who has just returned from the continent, today discussed the probability of the nomination of Grover Cleveland for president of the United States by the democratic party. He said: "If the feeling on the subject is general, and Cleveland's nomination is being discussed seriously, that in itself is an extraordinary tribute. Should his popularity prove sufficient to bring about his nomination it would be one of the most remarkable things in history."

"If, however, there is a nomination, it must be the result of a spontaneous demand from the people. It can not be brought about by any manipulating of machinery, for the party managers are against Cleveland. That is the most serious obstacle he would have to overcome, to my mind."

"It is obvious that if the public demand is strong enough to force his nomination on the democratic convention it will be strong enough to elect him, for the opposition to him is strongest in his own party, and a movement powerful enough to overcome this, the greatest obstacle, could hardly be arrested by a lesser one, as it was in 1902."

Mr. Cochrane, who looks in the best of health, left for Ireland today. Although he said he was not in as good a position to judge of the merits of the Irish land bill as the Irishmen here, his own opinion is the spirit of the measure is beyond criticism. "It is purely a question now," said Cochrane, "of what the land is worth, and whether the bill requires the Irish to pay more or less for it than is right."

GIVE FIREMEN RIGHT OF WAY

Supreme Court Decides That the Fire Apparatus Has the Right of Way.

A decision has been rendered by the supreme court giving fire apparatus absolute right of way across street crossings, and making it unnecessary that the drivers observe the caution which other drivers are required to exercise. The decision was given in the suit brought against the Milwaukee Street Railway company by the driver of a fire apparatus. It was held that since the driver had taken the precaution to sound his gong he had a right to expect that the motorman would slacken the speed of his car.

Mrs. S. J. Garlock has returned to Janesville after spending a few weeks with her daughter in Milwaukee.

ALLEGED LABOR ABUSES MADE

Porto Rico Federation of Labor Demands That Affairs Be Investigated.

San Juan, Porto Rico, June 2.—The Federation of Labor has formally requested Gov. Hunt to investigate at once the condition of labor on certain large sugar plantations of the island. The federation claims that poverty stricken laborers, paid about 40 cents a day, are compelled to accept "chips" instead of money, and to trade at plantation stores, where goods are sold at 40 per cent. profit, and where the provisions disposed of are sometimes injurious to health. The further allegation is made that no rights of the workmen are respected, that their little houses are burned down if they are unable to work for a few days, leaving them without a home, and that the working days are too long. An eight-hour day is urged. Governor Hunt will, it is said, cause a thorough investigation of the matter to be made.

FATAL FIRE AT ETON COLLEGE

Famous English Public School Loses Two Students, Who Are Burned to Death.

Windsor, England, June 2.—Two pupils of Eton college were burned to death in a fire in one of the dormitories of the famous public school this morning.

The dead are J. K. Horne, son of Maj. Horne of the Highland Light Infantry, and F. H. Lawson, a grandnephew of Sir Edward Lawson of the London Daily Telegraph. A tutor, Mr. Kinsler, was slightly burned and several persons injured by flying debris. There were thirty-three boys asleep in the building when the fire started. The flames were first noticed by a sentry of the Scots guards from the north terrace of Windsor castle.

Owing to the windows being barred there was some difficulty in getting the pupils out. It is believed the two deaths were due to this cause.

SPARKS FROM THE WIRE

The state of Michigan has been granted permission to demur in the dispute with the government over surplus sale of St. Mary's Falls ship canal.

The supreme court has denied the application of Whitaker Wright for a writ of habeas corpus.

The Irish leaders oppose Chamberlain's preferential tariff plan, thinking it a scheme to cement imperial federation.

Scant receipts of cattle, hogs and sheep owing to the floods in the west caused packers to advance the prices of dressed meats, and it is said values will be materially higher in a few days.

News from Bogota indicates that Colombia will adopt hold-up tactics in the canal treaty negotiations. The outlook is thought to be encouraging. Samuel Feldman, a survivor of the Kishineff massacre, arrived at Milwaukee and tells of the suffering and butchery.

A general strike of textile workers has been inaugurated at Philadelphia; about 90,000 operatives are involved; large manufacturers say they will keep their mills closed for a year before they will grant the demands. An extraordinary meeting of the stockholders of the Milwaukee and Chicago breweries has been called for a reorganization of the company.

The grain markets are excited by the incessant rainfall and widespread floods.

MAY RECOGNIZE CASTRO'S ORDER

United States Will Probably Accept the Blockade Order Is Sued.

Washington, D. C., June 2.—It is thought likely that the United States will recognize the legality of the recent decree of President Castro of Venezuela closing a number of ports now in possession of the insurgents. Technically this decree does not constitute a blockade, but practically the consequences of its enforcement would be similar to one. No foreign vessel has a right to trade in a closed port under pain of seizure, and that is the penalty imposed upon captured blockade runners. It is assumed that the Venezuelan government will have ready a suitable number of vessels to make seizures and enforce the decree.

**Castro Increasing Fleet**  
It has been known that for some time past the government has been quietly increasing the small nucleus of the navy left at the end of the allied powers' blockade and it may now be in a position to establish an effective blockade of the insurgent ports. If not then as paper blockades are not recognized in international law each nation must determine for itself whether it will respect the decree of closure. No notice has yet been received here of the reported English protest against the decree but something of the kind is expected in view of England's refusal to recognize the last blockade order.

**Malone-Perkins**  
Ralph W. Perkins of Chicago and Miss Minerva Malone of this city were married at St. Mary's parsonage at ten o'clock this morning, by the Reverend W. A. Goebel. Miss Malone's brother and sister, Frank and Anna Malone, witnessed the ceremony. The couple will make their home in Chicago.

STRIKES ARE ABOUT OVER

Chicago Expects To Settle All Its Labor Difficulties Within a Few Days.

SIGN THE SCALE

Restaurant Keepers, Railways and Laundry Owners All Seem Inclined To Give In.

(Special By Scripps-Mellae.) Chicago, Ill., June 2.—From the present outlook the labor situation here has cleared considerably. It is now said on good authority that there will be no general waiters' strike or freight handlers' mix-up and that union scales will be signed.

**Sign Scales**  
The bigger restaurants have signed the scales asked for and many of the smaller ones will follow suit as soon as it is generally known in labor circles.

**Laundry Strike**  
There is another conference on this afternoon between the laundry men and the owners; it is said that this strike will be settled and that work will be resumed in the morning in all the large places.

CONSULS CALLED IT A MASSACRE

Bas in Bazouks Accused of Killing Two Hundred Persons at Smederdesh.

(Special To The Gazette.) Constantinople, June 2.—In spite of official statements to the contrary, the consular reports maintain that there was no revolution at Smederdesh, south of Lake Presba, May 21, at the time the Turkish troops attacked that place, and assert that 200 of the inhabitants, men, women, and children were massacred in cold blood by bashi bazouks. The porte has appointed a commission of inquiry to investigate the consular statements.

GERMAN PARTY REACHES DURBAN

The Antarctic Steamship Gauss Arrives, with All Well on Board.

Durban, Natal, June 2.—The German antarctic exploring steamship Gauss, which sailed from Kiel under the leadership of Prof. Erlich von Drygalski on Aug. 11, 1901, arrived here today from the south. It will proceed from Simonstown. The commander of the expedition reports that there were no deaths during the time the Gauss was away, and all on board are well. The vessel was ice-bound for a year. It reached latitude 60:30 south. The Gauss was in communication with the steamship Discovery of the British antarctic expedition, but did not see anything of the Swedish exploring party.

MOORS ARE TO BE PUNISHED

Governor General of Algeria Orders Artillery to the Scene of Trouble.

Alm-Sefra, Algeria, June 2.—A battery of artillery was dispatched today to the scene of the uprising on the Morocco border. This follows the declaration of Governor General Jonart that the government had authorized him to exercise reprisals. He said that this did not mean the occupancy of Moorish territory, but only the punishment of the offenders.

WHOLESALE MURDER IS CHARGED TO WOMAN

Said to Have Killed Man Against Whom She Held a Mortgage—Buried Two Husbands.

Traverse City, Mich., June 2.—Mrs. McKnight of Fife Lake has been arrested charged with the murder of John Murphy, and her arrest has brought to light that her two husbands also died suddenly and under suspicious circumstances.

About two weeks ago the Murphy baby died and while the father was in this city buying a coffin he received word by telephone that his wife had died suddenly that day. He returned with two coffins and three days later himself died suddenly. Analysis of the stomach showed that poison had been used in large quantities.

Mrs. McKnight's arrest discloses the fact that a mortgage of \$200 in her favor executed by Murphy is alleged to have been raised to \$600. He was also insured in K. O. T. M. for \$1,000. The bodies of Murphy's wife and child have been exhumed for examination.

**Play at Graduation:** The orchestra from the School for the Blind will play at the commencement exercises at Shoplere, June 11.

IOWA FLOOD IS STILL HIGH

Keokuk Is Now the Flood Center of the State—Many In Danger.

RIVER VERY WIDE

Six Miles Across, and Great Damage Is Being Done by the Rising Waters.

(Special By Scripps-Mellae.) Des Moines, Ia., June 2.—Keokuk is now the center of the flood district. The river is six miles wide at this point and many persons have sought safety in the tops of trees and on roofs of buildings.

**Locally Improved**  
Locally the situation has improved. The water continues to fall but the hospitals are full of sick people with typhoid fever. At Ottumwa the situation is still very bad and the suffering intense.

**Other Places**  
Great damage has been done at Bentonport, Farmington and Bonaparte. The governor has decided not to call an extra session of the legislature. He believes the situation can be relieved by borrowing money.

COLOMBIANS ARE LOYAL TO HERRAN

Brand Attacks of the El Carro Nacional as Most Unjustifiable.

Panama, Colombia, June 2.—A vehement protest has been made in a paper signed by many representative isthmians against the virulent articles published recently in El Carro Nacional at Bogota, signed by Juan B. Perez y Sota, in which it was stated that Dr. Herran, Colombian acting minister at Washington, should be hanged for having signed the canal treaty. The article has caused widespread indignation among Colombians here and abroad who consider the attack most unjustifiable.

PRIMARY BILL IS NOW FILED

The Governor Disposed of Two Delayed Measures Yesterday Afternoon.

(Special-adding in.) Madison, Wis., June 2.—The forestry bill and the primary election bill were filed with the secretary of state shortly after 2 o'clock this afternoon. Gov. La Follette's action in not recognizing the three days' limit allowed for the filing of bills after adjournment raises an interesting question. The governor admits a three days' limit for signing but not for filing. The governor would permit a governor after adjournment to approve a bill and still prevent it from becoming a law by neglecting to file it with the secretary of state and have it officially published.

PERU HAS A NEW PRESIDENT

Senor Manuel Candamo Is Regarded as a Most Able Man for the Place.

Washington, D. C., June 2.—Senor Manuel Candamo, who has just been elected president of Peru, has had an active career and is regarded as one of the ablest men in his country. He was born in Lima, in 1842, studied in that city and finished his education in Paris. He traveled extensively through Europe and the Orient.

SUPPOSED PAUPER POSSESSED WEALTH

Former Illinois Man Had \$25,000 in Bonds and Money on Deposit in Savings Bank.

Rochester, N. Y., June 2.—George Washington Todd of Waddams Grove, Ill., who died near this city recently and who was looked upon as a pauper for twenty years, begging an existence from the farmers of western New York and lower Canada, has been found to be rich. On his body was found \$25,000 in government bonds. A petition was presented to the Monroe county surrogate court and letters of administration issued to Todd's heirs, who live in Waddams Grove. There also has been \$28 on deposit in a Rochester bank to Todd's credit for many years, on which he never drew the interest. People who had Todd's confidence say that twenty years ago he was fitted by a girl in Illinois and disappeared. His heirs learned of his identity through the newspapers.

**Move the Sidewalk:** The Galena street viaduct sidewalk, that has been recently completed, will have to be moved on the west side about three feet, having been wrongly placed.

MOB THREATENS KISHINEFF JEWS

Soldiers Are Present to Prevent Any Further Rioting, if Possible.

London, June 2.—A special dispatch from Kishineff says an attempt to renew the riots against the Jews occurred yesterday. Eight hundred riotous people after cluding the police assembled at M. Pronin's works, near the town, and the ring-leaders delivered threatening addresses against the Jews. The mob was about to descend on the Jewish quarters when the cavalry arrived and dispersed them. The crowd was chiefly composed of Moldavians. The military is patrolling the town and the acting governor's strongly military orders have been placed on the walls. It is reported that anti-Jewish emissaries from the Roumanian side of the Pruth are fomenting another murderous descent on the Jewish quarters. Little has been done to repair the previous havoc, which caused a loss now estimated at \$8,000,000 roubles.

CHILI FACES A BAD DEFICIT

It Is Expected That the Government Will Impose a Tobacco Tax.

Santiago, Chili, June 2.—Vice President Barros Luco, owing to the illness of President Riesco, opened congress today in the presence of the civil and military authorities and the diplomatic corps. The president, in his message to congress, referred to the perfect harmony prevailing between Chili and all other nations. The revenue of this year was estimated at 110,000,000 pesos and the expenses, ordinary and extraordinary, at 120,000,000 pesos. The government will take measures to balance the budget. A tobacco tax is expected to produce 5,000,000 pesos. The message was coldly received by the public, owing to the many promises previously made by the government and not carried out.

STATE NOTES

Nine girl students of Lawrence university have organized a Greek letter sorority under the name of Kappa Upsilon.

A banquet will be given at Mayville June 12 to Abe Holzman, the New York composer, who is coming to Wisconsin to attend the National band association at Fond du Lac.

The local woodworkers' union has come to an agreement with the employers, making nine hours a day's work during all the months of the year except June, July and August, when the men will work fifty hours a week, having Saturday afternoon off.

One hundred and sixty five boiler makers walked out yesterday at Milwaukee.

Reverend Merton C. Andrews leaves St. Paul's Episcopal church at Oshkosh because he cannot conduct a restaurant.

James A. Woodburn, professor of American history at Indiana university, has been secured as lecturer in American history at University of Wisconsin.

The local Metal Polishers' union wants a nine-hour day without reduction in wages.

A grand picnic will be held under the auspices of the iron workers' union of Milwaukee at Schlitz park next Sunday.

The Tanners and Leather Workers union both held meetings yesterday. No change in the strike situation resulted.

ONLY ONE BID TO RAISE MAINE

Cuban Firm Makes a Very Vague Offer, Which Is Rejected.

Havana, June 2.—But one bid for the removal of the wreck of the United States battleship Maine was offered today, the time fixed for the opening of bids. It was from Tibelio Castaneda, a Cuban, who offered to hand over to the government all profits obtained from his disposal of the wreckage, after deducting the expenses of breaking the vessel up, the work to begin in three months and to be completed in a year. Castaneda's bid was accompanied by a deposit of \$1,000. The committee of treasury employees appointed to award the contract considered the conditions of Castaneda's bid to be so vague that they agreed not to make the award and to leave the decision to the secretary of the treasury.

GRAYBEARD IS SHOT IN FEUD

Wisconsin Farmer Is Killed by Aged Neighbor in Family Quarrel.

La Crosse, Wis., June 2.—John Wellan, an aged farmer residing in Trempealeau county, was shot and killed by O. Aabakken, a neighbor, on the high road as a result of a family feud. The two men, who are both gray-haired, met each other on the way to town and Aabakken opened fire, killing Wellan before he had time to defend himself. Aabakken is now in jail at Arcadia. A mob twice attempted to lynch him, but was prevented by the sheriff and deputies.

**Was Badly Bruised:** W. T. Van Kirk was badly bruised yesterday by being thrown to the ground while he was dismounting from a street car.

WOODMEN'S DAY COMES THURSDAY

Great Preparations Are Being Made for the Giant Celebration at That Time.

SPECIAL TRAINS

Twenty-Five Have Thus Far Been Recorded—Many Bands in the Parade.

Thursday's weather is a matter of vital interest to every Woodman in the city. On that day the annual picnic of the order will be held, and unless a run of hard luck befalls them at the last moment the event cannot fail to be a glowing success. At least twenty-five special trains will bring thousands of Woodmen and pleasure seekers into the city. It is estimated that at least twenty-five thousand people will be in the city on that day. Nearly every camp will bring with them a camp and a drill team.

**City Gaily Adorned**  
Nearly every store in the business part of the city will be gorgeously decorated, the prizes offered being sufficiently large to make them worth competing for. In the parade will be a number of floats to advertise different business houses.

The Grocers' association has decided that no deliveries will be made on Thursday and have given warning that all orders should be in time for delivery the previous day. It is understood that the public schools will be closed on that day if the picnic occurs.

**Committee Busy**  
Meetings are being held almost daily by the picnic committee to complete the plans. A meeting was held last evening, and another is announced for tonight.

At 10:30 a. m. the parade will form at Wall street, near the depots, west on Wall to Marlon, south on Marlon to West Milwaukee, east on Milwaukee to Main, north on Main to Prospect, east on Prospect to Bluff, south on Bluff to East Milwaukee, west on East Milwaukee to South Main, down South Main to Racine and counter-march to courthouse park.

**Order of Parade**  
The fire police in uniform will head the parade, and they will be followed by the Imperial band and the Christ church cadets. Then will come the carriages in which will ride the officers of the association and the speakers of the day. After them will follow the camps with their bands each taking its place in line as it arrives at the depot.

After dinner the program is as follows:  
1:30 p. m.—Fire run West Milwaukee street.  
1:45 p. m.—Tug of war.  
2:00 p. m.—Speaking Courthouse park. Singing by Y. M. C. A. quartet of Rockford. Horse races at fair grounds.  
2:45 p. m.—Drill contests in front of city hall.  
3:00 p. m.—Ball game between Rockford and Bloomington.

**Prize List**  
The following prizes have been offered:  
Best Decorated Float . . . \$15  
Most Comical Float . . . \$10  
Best Band . . . \$25  
Best M. W. A. Drill Team . . . \$75  
Second M. W. A. Drill Team . . . \$50  
Third M. W. A. Drill Team . . . \$25  
Best Royal Neighbors' Drill Team \$15  
Best Decorated Store Front and Windows . . . \$15  
Second Best Decorated Store Front and Windows . . . \$10  
Third Best Decorated Store Front and Windows . . . \$5  
Tug of War Between Wisconsin and Illinois—First prize . . . \$12  
Second prize . . . Box of Cigars  
Dinner will be served to the Presbyterian, Baptist, First Methodist, Episcopal and Court Street Methodist Episcopal churches and by the Women's Relief corps. Many of the visiting camps will make their headquarters at one and another of the places where dinner will be served.

**Dancing All Day**  
In the evening a public dance will be held at Central hall. A dance will also be held in the same place in the afternoon. It is the only dance arranged for the day.

In the Three-I league the two head teams are Bloomington and Rockford, according to their percentage given in the Chicago dailies this morning. Bloomington stands first with a percentage of .595 and Rockford second with .565. These two teams will play at Athletic park on the afternoon of the picnic.

BROTHER OF THE KING IS DEAD

Prince Julius of Schleswig-Holstein Passes Away at Itzehoe.

Itzehoe, Schleswig-Holstein, June 2.—Prince Julius of Schleswig-Holstein, brother of the King of Denmark, died here this evening. Prince Julius was born at Gottorp in 1824. He contracted a morganatic marriage in 1883 at the chateau of Ballenstedt, in the Uart mountains, with Eliza, beth of Ziebar, upon whom King Christian of Denmark bestowed the title of Countess Roest.

## OLD VETERANS TO HAVE PICNIC

JUNE SEVENTEENTH IS THE DAY  
NOW PICKED.

WILL BE HELD AT GOSS PARK

An Invitation Is Issued to Every Old  
Soldier in Rock  
County.

Grand Army veterans of Janesville, Beloit, Rockford, Milton, Evansville, Clinton and Sharon will meet for a basket picnic at Goss's park, not far south of the Wisconsin state line, in Illinois, on June 17th, in honor of Bunker Hill Day. The following orders have been issued from the Beloit and Janesville posts who are in charge of the affair.

### ATTENTION

Grand Army of the Republic.  
To Commanders of Posts at Rockford, Ill., Milton, Wis., Evansville, Wis., Clinton, Wis., and Sharon, Wis., Beloit and Janesville, Wis., June 2, 1903.

Comrades:  
Post No. 54 Beloit, and Post No. 20 Janesville have arranged for a joint basket picnic, to be held at Ho-No-Nah Park, on Wednesday, June 17th, Bunker Hill Day. Your Post, with W. R. C. ladies of the G. A. R., and S. of V., with their families and friends are cordially invited and very earnestly invited to accompany us. We go by the Interurban railway. Cars leave and return every half hour during the day and evening.

Come. "Stand not on the order of coming but come." Come early and stay late. You are within the family circle of Posts, and we think it well to have a reunion during the month of roses, to keep alive and more brightly the fraternalizing spirit of comradeship to the end.

This informal invitation is given out to aid in the turn out of the old soldier, to encourage him to take one day in the few left to him, in a solid and healthful recreation, that he may receive good in the participation of the occasion. "Nothing more, nothing less." A formal invitation will follow this soon.

Ho-No-Nah Park is on Rock River, one and one-half miles south of Rockford. The R. B. & J. Interurban R. Y. makes it easy of access. In point of scenery, landscape and river views, it is incomparable in the west. It is flanked by Rock River, and twenty-two acres of giant monarchs of the forest, of every variety, are interspersed on a level, lovely carpet of green.

The park and the country about was in possession of a tribe of Ho-No-Nah Indians in 1818. A man, Mack, settled there at that time and married one of the chief's daughters by whom he had seven children. Two of his sons served in the civil war. The park has many attractions for entertainment. It is illuminated by electric lights. There are many row boats on the river and an electric launch, up-to-date in all its appointments. Fishing is good. Drinking water is abundant and pure. There are thirteen Indian mounds, directly across and opposite the park easy of ascent, which contain many Indian relics. From the summit of these mounds, can be seen Janesville, Rockford, Rockton, Beloit, Harlem, Roscoe, and Argyle, and a landscape as far as the eye can penetrate, disclosing as rich and fertile a country as the earth possesses. The river view from these mounds is most beautiful. A fine pavilion for dancing has been erected there.

Attendance at this Grand Army picnic will afford a delightful ride, on the new electric railway, The Rockford Beloit and Janesville line, at popular prices, most satisfactory to all. This line passes through the richest portion of Wisconsin and the trip should be availed by all. The new line embraces speed, luxurious cars, gentlemanly conductors and motormen. It passes through our sister city, Beloit, a bustling enterprising, growing and beautiful town, whose people possess that geniality, which insures stability and progress. The half hour service of the R. B. & J. line gives all an opportunity to visit the many places of interest in the city.

The genial manager of the line, Mr. H. H. Clough, has already brought the service up to the most minute satisfaction of all who are its patrons. He is keeping pace with the requirements of the public, and has a foresight for greater development in the future in the interests of all. His urbanity and sagacity is acknowledged by an observing public.

The picnic is not under the auspices of any except the soldier. No one will be asked to "chip in" to pay for extraordinary expenses. It is Soldier's Day, for healthfulness, for fraternity, for the charity we profess to have, and loyalty we are proud to retain.

Mrs. R. H. Grinnell of Beloit, Post Department Commander, W. R. C., will discourse in her happy elegant manner. She ranks among the most talented orators.

Honorable Malcolm G. Jeffris, of Janesville has consented to be with us and address us. His national reputation as an orator, his popularity and great ability as a lawyer, and integrity as a man, makes it an occasion of rare opportunity for profit and entertainment.

The little canon will boom and "Old Glory" the flag "born of Heaven" will be unfurled for all, and we will rally round the flag in song. Yes, boys, "We'll rally round the flag, rally once again."

Posts No. 54 and 20 will each furnish a drum corps, whose martial music will resound through the charmingly shaded park, quickening the dormant spirit of the patriot, and infusing new life into the old soldier.

Comrade L. F. Mosely, of Post No. 54, will be Master of Ceremonies. Comrade E. O. Kimberly, the national G. A. R. singer, will lead in the singing of army songs. Comrade E. D. Childs of Post 20 will be officer of the day.

The program will not be altogether

formal, and after the ceremony each one is invited to make a program for himself.

We will have interesting and entertaining after lunch addresses. The army bugler will be there, who will make all calls, except sick.

Tea, coffee, beans and hard tack, with "army bean song" will be free to all and a refreshment booth will furnish such things as are needed outside of our baskets. The management of the park is under the personal supervision of the owner, Mr. A. F. Goss, who is also owner of the hundred acres adjoining. He is a soldier and a nobleman, as well.

Railway rates for round trip from Janesville will be sixty-five cents.

## SUNDAY REST IS MUCH NEEDED

SIDNEY, ISLE OF BRETON, IS AN  
IDEAL PLACE.

AMERICAN CITIES ARE ROUGH

Correspondent Writes of What Sun-  
day Should Mean, Not What  
It Is.

In the town of Sidney, on the is-  
land of Cape Breton, the Sabbath day  
is observed. Every Sunday morn-  
ing you may see crowds of people  
flocking to the many churches. Yes,  
many churches, for there are ten of  
them. A church for every five hun-  
dred people. It is pleasant to see  
as many as a half a dozen people all  
coming from one house, wending their  
way to the church. This observance  
of the Sabbath must have an influ-  
ence in suppressing wrongs that ex-  
ist in some other cities. In that city  
you see the sign "saloon" but once  
and that is a hair dressing saloon.  
All stores close at nine o'clock Sat-  
urday night and are not opened un-  
til Monday morning. The drug stores  
are open from eight to eleven in  
the forenoon and for three hours in  
the afternoon. The telegraph office  
is closed during church hours. No  
mail is collected or distributed on  
Sunday. No games, no cars moving  
anything to mar the serenity of the  
day. The people are simply resting.  
The meetings at the Y. M. C. A.  
rooms at 4 o'clock is a wonderful  
meeting. Men, women and children  
come in hundreds. The speaking is  
excellent. The music fine. Here  
we learned the power of the associa-  
tion in the kindness and courtesy  
extended to us, who were strangers,  
in a strange land. No divorce is  
granted in this sedate upright town.  
Whether Sabbath observance has  
anything to do with this fact, I am  
unable to say, but this must be true,  
where the Sabbath day is kept more  
holy it is more easy to keep all the  
other commandments.

It is not flattering to the people  
of the United States, to say that the  
order-loving Canadians of Sidney  
dread our coming fearing that some  
of our lawlessness may be introduced  
into their quiet, orderly place and  
thus disturb the peace and unity that  
now prevails. In great contrast to  
Sidney, is a town or city in southern  
Illinois. An open city, they call it.  
The stores are open until noon on  
Sunday. The saloons which abound  
in church localities never close. Gam-  
bling dens and opium joints are  
found in nearly all parts of the city.  
Excursions come from all neighbor-  
ing cities. Street cars are crowded  
with half drunk young men—base  
ball games are played the long day  
through. All day disorder and con-  
fusion reign and as one goes to  
church he passes the open saloon,  
with the band sitting in front, play-  
ing rag time music to draw a crowd,  
and it is no unusual sight to see  
a drunken man carried from the saloon  
opposite the church door, and laid  
in the beautiful little park across the  
way, all unconscious of the beauty  
that surrounds him, of the hallowed  
day, of the home he is making wretch-  
ed. Many calamities befall that  
city. Midnight brawls are frequent,  
beats are burned, accidents and  
wrecks are numerous, robbery is of  
frequent occurrence, wife beaters are  
many, murders occur frequently, and  
still the people go on in the same  
old way. The ministers and law  
abiding people are ridiculed by some  
of the papers. Men holding places  
are threatened with loss of position  
if they assist a league recently  
formed in promoting the best inter-  
ests of the city. Is the lack of Sab-  
bath observance responsible for the  
condition of things that exist there?  
Most certainly so. Spain, with its  
Sunday lawlessness has many catas-  
trophes. The bull fight horror of  
a few Sundays ago. The automobile  
race calamity on the following Sun-  
day, were both the direct result of  
Sabbath desecration. If men would  
assemble themselves to hear the  
word of the Lord, many calamities  
would be averted.

One year ago, in the city of Indian-  
apolis every pastor in the city was  
requested to preach a sermon on  
Sabbath desecration, and to find out  
the will of the people, concerning  
Sunday baseball. The ministers  
gladly availed themselves of this  
opportunity. A standing vote was  
taken, and in many churches, the  
vote was unanimous against Sun-  
day baseball. The facts were re-  
ported through the press, and although  
many business men favored it, In-  
dianapolis had no Sunday baseball  
last year. The church, the press,  
and the law abiding people can con-  
trol these things, and secure law  
and order.

It is gratifying to see the press in  
this city interested in good govern-  
ment and almost daily publishing  
articles that tend to elevate and make  
better. It is a good thing to see  
the many things that are being done,  
to draw the young into the path of  
righteousness. The young people's  
societies. The Y. M. C. A. The so-  
cial church gatherings, how they re-  
strain and guide the coming genera-  
tion. Too much cannot be said in  
praise of the great railroad for its  
decision to run no excursions or pas-  
senger trains on Sunday. That  
means a little family reunion to many  
a tired railroad employee, a day of  
rest. The railroad officials are com-  
ing to the front in requiring their  
employees to be sober men. And  
again we read that some roads go a  
step farther and refuse to hire a man  
who is a cigarette fiend or one who  
uses cigarettes. These are steps in  
the right direction and with all the  
forces now being used may we hope  
for a better day. A day when a man  
surrounded by those he loves will be  
content to enjoy the day as the great  
Creator intended he should." L. M. J.

Licensed to Marry: Marriage li-  
censes have been issued to Herman  
August and Ida E. Starks, both of  
Milton; Frank Vanek and Anna Shee-  
han, both of Beloit.

## RAILROAD NEWS OF INTEREST

Items Concerning the Local Yards,  
and Notes Picked Up Along  
the Main Line.

Within the last four years, says  
the Manufacturers Record, the de-  
mand upon the locomotive capacity  
of the railroads of the country, has  
increased at such an astounding rate  
that engines cannot be kept off the  
road long enough for proper repairs  
and the number of engines thrown  
into the scrap heap or consumed in  
service will increase greatly beyond  
the capacity of the building to sup-  
ply their places. Notwithstanding  
the large increase in locomotive build-  
ing every locomotive builder in the  
country is rushed with orders. It is  
estimated by a gentleman connected  
with one of the largest locomotive  
works in the country that the total  
number of engines built in the United  
States during 1902 was 3,900, or  
thirteen engines for each working  
day. In 1901 the output was 3,385,  
and 337 of that number were for ex-  
port.

A new classification went into ef-  
fect yesterday on the trunk lines af-  
fecting regulations of many kinds of  
freight. The present minimum for  
carload lots is 20,000 pounds, and  
many articles will now have to be  
shipped in 24,000-pound lots to se-  
cure the carload rate.

The Pennsylvania road is to be  
practically duplicated to meet the  
increasing demands upon the road.  
The duplication of the capitalization  
of the road some time ago is consid-  
ered a verification to this statement.

Beginning yesterday the Rock Is-  
land will run a cafe and observation  
car in connection with the St. Paul  
and St. Louis service.

The Burlington's new service, in-  
augurated to meet the cut in time  
made by the Milwaukee road, went  
into effect Sunday night.

The Southern railway will be dou-  
ble-tracked between Washington and  
Atlanta and will expend \$25,000,000  
on other improvements.

The gross earnings of the Milwau-  
kee road for April show an increase  
of \$108,282, while the net increase  
is \$105,518.

Engineer Ed Russell of the C. & N.  
W. road is visiting relatives in the  
city. His wife and children are  
with him.

WANT FACTORIES  
TO CLOSE DOWN

Modern Woodmen Would Like to  
Make Thursday a Legal  
Holiday.

At the regular meeting of Florence  
Camp, No. 366, Modern Woodmen, ac-  
tion was taken, in the form of a mo-  
tion, asking that all factories shut  
down as far as possible for the day  
on the occasion of the Woodmen pic-  
nic, June 4th, also that the school  
board be asked to close the schools  
on that day and that merchants allow  
their Woodmen employees to get on  
during the parade.

Mrs. Esther Foster

Mrs. Esther Foster died at her  
home, 52 Sharon street, this morn-  
ing at the age of 79 years and 3  
months. Deceased was born in Bed-  
fordshire, England. In her early  
married life she came to America  
with her husband settled on a farm  
near Rockford, Ill. Some years later  
the family came to this city where  
Mrs. Foster has since resided, her  
husband having died in the War of  
the Rebellion. She leaves three  
daughters who mourn the loss of a  
good mother. They are Mrs. L. H.  
Martin of Harmony, Wis.; Mrs. S. B.  
Hall of Tiffany, Wis.; and Miss Mary  
Foster of this city.

The funeral service will be held  
at Trinity church on Friday at two  
o'clock.

PRESS COMMENT

Madison Journal: Governor La  
Follette has made a Lieutenant of  
a Milwaukee man named Plasecki to  
succeed one Ladislaws Czirzynski.  
What's in the wind now?

Ripon Press: Hon. S. A. Cook of  
Neenah is being mentioned for gov-  
ernor next year. No better man  
can be found. Give us either Cook  
or Ira B. Bradford and the state is  
safe.

Fond du Lac Reporter: The trust-  
ees of the Waupaca Veterans' home  
may have been perfectly honest in  
their dealings, but for the sake of  
appearances they should have been  
more careful.

Appleton Crescent: The legisla-  
ture could have provided for the tax-  
ation of the income or interest de-  
rived from all mortgages, and that  
would be far more equitable than the  
tax laws the legislature did pass.

Racine Journal: Wisconsin wants  
a governor with the courage of his  
convictions exercised only within his  
own province and for the benefit of  
all. The legislative jurisdiction is  
not his to determine. A governor  
may guide legitimately and may ad-  
vise, but not coerce or invade or  
utilize a state government to further  
his ambitions.

Appleton Post: The Milwaukee  
Free Press rolls as a sweet morsel  
under its tongue the report that there  
is to be organized opposition to the  
nomination of Gov. La Follette for a  
third term. A little wonder, be-  
cause otherwise that paper would be  
deprived of a theme for discussion  
that has apparently proved most  
agreeable to it.

## An Animal Story For Little Folks

### The Lazy Goat

There was once a goat whose name  
was Fritz and who was not at all fond  
of work, and the members of his fam-  
ily sent for the doctor and said:

"What shall we do, doctor, to restore  
our little goat to health?"

The doctor looked him over and then  
replied, "He merely needs exercise and  
plenty of it."

The next day the doctor came back  
to see how his patient was getting

along. He was surprised to find Fritz  
crying as if his heart would break.

"What is the matter?" asked the doc-  
tor.

"Well, sir," replied Fritz, "you told  
me to exercise, and I am crying for the  
exercise that it furnishes me. Do you  
think that I'll soon be well, sir?"

"No," answered the doctor, "nor will  
any one else who tries such a plan as  
that. You are so lazy that nothing  
will cure you except a good, sound  
thrashing."

And the same day his father gave  
him one, and he began to grow better  
at once.—Detroit Journal.

## ...Forty Years Ago...

Janesville Daily Gazette, Tuesday, June 2, 1863.—The rebels were badly defeated in the rear of Port Hudson, Louisiana, on the 22nd, by a division of Gen. Banks' army, under General Augur. This is important as it prevents them from joining Johnson in the rear of Vicksburg. If they were disposed to do so. There can be no doubt that Banks is co-operating with Grant and it is possible that the rumor is true that a part of his army has arrived at Warrentown, below Vicksburg.

It is reported by way of Havana that the French have captured Puebla, in Mexico, with 17,000 prisoners, after a desperate battle. On the 20th it was stated that one division of Gen. Forey's army had departed for the city of Mexico.

Gov. Gamble has given his consent to the enlistment of a negro regiment within the state of Missouri, provided they are not to be armed within the state. What sense there

can be in such a provision cannot easily be divined.

E. G. Ryan made a speech at a meeting of the friends of struggling Poland, held in Milwaukee last evening, and said "the cause of Poland was the cause of liberty throughout the world." "Struggling America" is too near to excite the sympathies of this democratic cosmopolite. Oh, Mrs. Jellaby!

The largest single transaction in wheat that Wisconsin has any recollection of, lately took place at Milwaukee in a sale of 77,000 bushels of No. 1 spring wheat at \$1.19½ per bushel.

The Place to Get Ice Cream.—Now that the warm weather is upon us we desire to call attention of persons in want of an excellent article of ice cream, to the fact that Ellis and Bros., opposite the American house, on Main St., is just the place to procure such a delicacy.

## NEWS OF THE COUNTY

**MILTON.** Milton, June 2.—The graduating exercises of the Milton high school were held in the S. D. B. church last Thursday evening. In place of the usual exercises by the class, Prof. W. C. Hewitt, of the Oshkosh Normal school gave an address on "Balance." He said that the high school did an important work in helping young women to find their ideal. Having found this, they are to have balance. Geniuses are not the people who move the world. People of balance are called for. Such people have to train the intellect that they may think clearly. They have self control and spirit training. The address was illustrated from Prof. Hewitt's experience in teaching. It was practical and helpful. The diplomas were presented by Supt. Antislid, who spoke of the growth of our school and called attention to its need of more room if it is to continue growing. The program included piano solos by Mrs. A. E. Whitford and Pres. W. C. Daland, vocal solos by Miss Josephine Bullis and J. G. Maxon and a selection by a mandolin quartet. The decorations were fine. The class numbered three: Misses Eleanor Dunn, Fernie Crosley, and Blanche Plumb.

The Firemen's band will give open air concerts from the band stand in the park every Tuesday evening weather permitting. The business men and others of Milton pay the expenses and they cordially invite out-of-town people to come in and enjoy the music with our citizens.

Marquette college in its writup of the ball game here in the Milwaukee Evening Wisconsin, says: "The little college, near Janesville is rapidly becoming a factor in Wisconsin athletics, and their main triple play in Thursday's game was a beauty. The locals say they were treated handsomely by the Milton college people. On Friday, the kindergarten, first, second, third and fourth grade pupils of the public school held their annual picnic in the park and the fifth, sixth, seventh and eighth grades at Storr's lake. Mrs. T. A. Saunders went to Lake Geneva Thursday and returned this week. Mr. Ingles of Marquette visited his son, who is attending college, last week. Mrs. U. G. Townsend and Dr. E. R. Schmitz are attending the State W. C. T. U. convention at Eau Claire this week. Both ladies have a place on the program. Miss Leo Coon returned from St. Paul Thursday morning. Mrs. J. W. Grier of Milwaukee is visiting Mr. and Mrs. D. Williams. The Harmony W. C. T. U. will hold a "Cake" social at the home of Mr. and Mrs. Edward Wilcox Wednesday evening, June 3. All are cordially invited.

Henry P. Jennings called on friends here Friday. He has sold his creamery business at Marshfield and will locate in Iowa.

President Daland preached at the Seventh Day Baptist church Saturday morning.

The next meeting of the Harmony W. C. T. U. will be held on Thursday, June 4th, with Mrs. H. M. Fetherston.

Dr. W. H. Borden went to Marshfield Friday to visit his son, Supt. J. B. Borden and returned Monday.

T. A. Saunders was at Lake Geneva Saturday and Sunday.

Carl Crumb picked several quarts of strawberries from one of his beds Friday.

z H. H. Waterman of Janesville spent Saturday at his farm.

Mrs. E. V. Werner of Shawano, is visiting Milton relatives and friends.

The game Friday between Marquette college, of Milwaukee and the local collegians was the most exciting game of the season, for two reasons. First, because virtually the small college championship of the state was at stake, and second because the teams were so evenly matched, that the result of the game could not be anticipated until the third man was out in the ninth inning. Groth, of Marquette pitched an excellent game and struck out fourteen men. Crandall secured seven strike-outs, but he excelled in headwork and coolness. The Milton boys excelled in team work and snappy playing as was demonstrated by their fast work at critical points in the game. The feature of the contest was a fast triple play made by Place, Cottrell and Whitford in the third when the score was 2-1. The entire game was hotly contested and the final score was Milton 4, Marquette 3. Olson, of Whitewater umpired, and gave general satisfaction.

**ELEVATED HEIGHTS.** Elevated Heights, June 1.—Mr. Tom Huggert is suffering from a lame

shoulder, the result of being stunned by lightning.

Miss Margaret Carson visited her sister, Mrs. R. Peach of North Porter on Saturday.

Mr. and Mrs. B. Riley of Oregon, are rejecting over the arrival of a baby girl.

Miss Clara Boyle is better and able to ride out again.

Mr. and Mrs. Chas. Nuff, of Janesville attended the party in Evansville on Saturday and were over-Sunday visitors at B. Griffiths.

Miss Valera Ertahl is a guest of Miss Ethel Van Patten of Evansville.

Mr. S. Brooks and H. Sperry are pearl hunting in Prairie du Chien.

Roadmaster B. Griffith notified Tom, Dick and Harry to work on the road last week. Several stone bridges were quickly put in and the road made passable.

Mr. C. Danks has 2 acres of tobacco set.

Miss Lizzie Collins entertained Miss Blanche Devins of Janesville and Miss Blanche Welsh of Footville during Saturday and Sunday.

**ROCK RIVER.** Rock River, June 2.—Mrs. McQuade is spending a few days with her parents in Watertown.

Mrs. N. M. Rose is visiting her daughter, Mrs. T. V. Rogers of White water.

George Crandall returned this week from Northern Wisconsin where he has been spending a few weeks.

Grace Pierce returned Friday from a two weeks visit in Janesville.

Florence Thorpe of Janesville visited old friends here Friday and Saturday.

The annual church meeting will be held next Saturday evening at the church. All invited to come.

The Albion academy ball teams played ball at Milton last Wednesday p. m. Rock River won 8-2.

The Rock River school closes next Friday, and will give an entertainment at the school house, the Monday evening after.

Children's day will be held at the Rock River church next Sabbath. A program will be given by the children. All are cordially invited to attend.

**SHOPIERE.** Shopiere, June 2.—Memorial Day was observed with the accustomed enthusiasm. A large audience listened to an eloquent address by Oscar Maurer of Beloit college. Several selections were rendered in a very pleasing manner by a quartette and the martial music was inspiring.

Many flowers were gathered by the children, and the R. N. A. contributed thirteen dozen carnations to decorate the soldiers' graves.

C. H. Weirick and family spent Saturday with friends here.

R. H. Smith is suffering from an attack of rheumatism.

Ethel Brown came home from Chicago to spend a day with her parents being accompanied by a young lady friend.

Among the familiar faces seen at the service on Saturday were Mrs. Belding of Janesville and A. D. Parker's family of Beloit.

There were no services at the M. E. church on Sunday evening.

A large delegation from this place will attend the Woodmen picnic on Thursday.

There will be a social party at Haggarts hall on Friday evening.

**NORTH JOHNSTOWN.** North Johnstown, June 1.—Rev. A. Longfield and daughter, Edna, were in Chicago from Tuesday until Thursday last week.

Ray Bacon and wife of Janesville were at George Bacon's Saturday afternoon.

Margaret Kinyon of Lima was a guest at James Spracklings' and attended church services here Sunday.

Dexter Gray and Mr. Warner have each lost a valuable cow from clover

Milton Junction school for the summer vacation.

**SOUTH WEST LIMA.** South West Lima, June 1.—The continued rains and cold weather have put farmers back considerably with their corn planting.

A number from here are planning on going to the Woodmen picnic Thursday at Janesville.

Mrs. C. A. Hunt visited in White-water Friday and Saturday.

Some of our young folks enjoyed themselves at the lake Sunday.

There will be a special school meeting in our district Thursday evening. All interested in the meeting are requested to be present.

Will Krantz, Mr. and Mrs. J. J. Lackner were callers at Wm. Dixon's Thursday evening.

Wm. Harris was in Fort Atkinson Sunday.

Chester Harrington was a pleasant caller at R. Dixon's Saturday evening.

Charles and Herman Lanea visited their parents at Fort Atkinson Saturday and Sunday.

Mr. O. E. Pruman has been hired to trim the flag pole in district No. 12.

(Continued on Page 7.)

**JANESVILLE MARKET PRICES.**

## WISCONSIN WEATHER FORECAST

Rain tonight and threatening tomorrow.

## "PRINCIPLE" AND SOCIALISM.

Mr. Ambrose Bierce, is an editorial writer in Hearst's American. He recently contributed an article on socialism from which the following is extracted:

"Obviously, to those who, having eyes, do see, public ownership of anything is a step in the direction of socialism, for perfect socialism means public ownership of everything. But principle has nothing to do with it. The principle of public ownership is already accepted and established. Antagonists of the principle of socialism lost their fight when the first human government held the dedicatory exercises of a Cave of Legislation. Since then, the only question about the matter has been how far the extension of socialism is expedient. . . . The truth is, that the men and women of principle are a pretty dangerous class, generally speaking—which they are. It is they that hamper us in every war." Etc., etc.

The Wall Street Journal is commenting, says:

"We can very well understand why 'principle' is a distasteful thing to editorial writers in Mr. Hearst's papers. One of them last winter announced the utter worthlessness of metaphysics, which he epigrammatically remarked should be thrown to the dogs. After all, Mr. Hearst is striving for freedom of thought, and true freedom requires entire absence of restraint, which in turn means that only a craven will nowadays be bound by any of the antiquated laws of reason. It is an inspiring platform and one that cannot but appeal to those who for one reason or another, have undergone no mental discipline or study in the art of thought. Every man his own philosopher, is a first class rallying cry. Principles are but the shackles of a by-gone system of despotism under which men's souls could not freely develop. Socialism, Mr. Bierce tells us in its perfect form, means public ownership of everything. This does not go far enough. If individuals may not own property, why a collection of individuals own property? Why is not perfect socialism the total abolition of ownership of anything by anybody? Why should not property be free to everyone? Has not a Kansas judiciary to its credit the famous dictum that the rights of the user of property are paramount to the rights of the owner? This, it seems to us, is much more like the real thing than Mr. Bierce's halfhearted pronouncement. However, as things go half a loaf is doubtless better than no bread, and so his definition will do.

When Mr. Hearst and his assistants have completed their destruction of 'principles' in the matter of property why should they not take up the question of 'principles' in other things? The law of mathematics have been as the laws of the Medes and the Persians for many centuries and have ruthlessly restrained free thought among free men on too many points. Away with them! In a free country, why should two and two make four? Why should it not make anything that anybody pleases? A perfectly dazzling prospect opens up before the eyes of men when they consider the possibilities that lie in a total abolition of the 'principles' and law. Our imagination is not equal to the task of outlining the glorious picture. We must leave it to Mr. Bierce and his friends."

The criticism of the Journal is wholesome. Socialism is popular because it advocates distribution of property under the guise of public ownership. The same old story of something for nothing. It is not surprising that it has gained prominence in some parts of

the old world where conditions prevail that make it next to impossible for a poor man to gain a foothold and where a wide chasm separates the aristocracy and the masses.

In this country however, every man is his brother's equal and the right of sovereignty is open to every contestant. The Kings and Queens of the American empire, come from the masses and the ranks are being reinforced every day.

It is interesting to note that the disciples of socialism are recruited from our adopted citizens, who bring with them to this free land the seeds of unrest and discontent. American born citizens, with rare exception, are not troubled with the disorder, and the nation will never be seriously annoyed.

## LIFE OF ROBERT QUINCY BEER

Robert Quincy Beer was a native of Ohio. He lived in the early half of the last century, and was recognized as one of the greatest humorists of his day.

His life has been written by Mr. Lee Stern Halden of the firm of Halden & Co., of St. Louis, and is now in the hands of the printer. It will be a volume of 500 pages, bound in cloth, and will retail at \$2.00. The following extracts will indicate the character of the book.

"My funny friend, Artemus Ward, has quaintly remarked, 'Look not upon the ruby wine when it is red,' for it stings like a serpent and biteth like an adder. It is much better to drink pure whisky, or even strong beer, like I do. But the best of all is to become a teetotaler touch not, taste not, sip not at all."

"My theory is that we originated from clams, pure and simple clams of the snail specie.

Because 2-3 of all mankind have a snail's pace. 3-5 of the world shut up when they should speak out. 1-8 of the civilized population of the earth are hardshell Baptists. 9-10 of men and women like eye-openers. Their lots are cast upon the shores of time. They go in schools. They have a natural tendency to toughness. They shut up when they go to bed."

"The intimacy existing between Opie Reed and Robert Quincy Beer was for many years both close and brotherly; they were 'hale old fellows well met' The one, the great Arkansas Traveler, the other the great Ohio Pleasurer. Both tall and straight; they had no crooked ways but volumes of fun, and they measured it out in unmeasured quantities to all fun loving people. Opie Reed was a native southerner, he knew by-ways, hedges and ditches, and the people and pictured them out in all their native elements of most ridiculous drollery and naturalness."

"I start at once; shall take with me some windfalls, some boat squalls, some overalls; 4 polar bears to invite the poles, some sea gulls to gull the pole and gull the natives and a native Norwegian to translate and be translated."

"Every good thing had an end, and like the monkeys tail a bad thing has an end also. This tale like the monkeys sore tail may cause a tinge of regret entailing painful emotions an notions. Our hero died 33 years ago and we resurrected him from his sleeping place at Ashland, Ashland county, Ohio, and brought him once more to where he enjoyed life from June 13, 1828 to Jan. 3, 1870 as a rural greenhorn, a comely school teacher, a Haysville professor, a 20 years book agent, a 42 years practical joker of unsurpassed gifts of eloquence."

If Rockton, Janesville, Clinton, Rockford or any other of our suburban villages is in need of a very nice new hand stand, it might learn of something to its advantage by communicating with the committee on Public Property of the Beloit common council.—Beloit Free Press.

The hand stand referred to was built by non-union carpenters, which accounts for its unpopularity.

The cigarette bill that is causing so much commotion among reformers is about as impractical as a prohibition measure. There are some moral evils that laws fail to regulate, and an inoperative law is always a burlesque.

Gates county is just now the most popular county in the state. Its enterprising name sake is a good entertainer. Northern Wisconsin possesses great possibilities.

When the new Madison clerk gets after the railroads, the million dollars that has been lost in the shuffle, will doubtless come to the surface.

While Iowa and Kansas are suffering from destructive floods, Wisconsin is highly favored. The man who can't find contentment in the Badger state is hard to please.

D. W. Holmes is staying at the Pilsner hotel, Milwaukee.

## NOTICE.

## To The Public:

Opportunity presented itself last week and we took advantage of it by making the purchase of \$2,000 worth of high grade jewelry of a reliable wholesale Chicago firm. This immense assortment we place on sale tomorrow evening at promptly 7 o'clock at our store, corner of Milwaukee and River streets, at the uniform price of 25 cts. per package. We positively guarantee that every package contains a full 25-cent value and from that up to \$15. One hundred articles we offer at from \$5 to \$15 value at the 25-cent price. Any purchaser not satisfied with what he secures can exchange for any article in our entire drug store having the same value. Thursday we will publish in the daily papers a list of the fortunate purchasers and their residence and street. This sale is strictly a straight business proposition with us, done for the one purpose of advertising our place of business. Tomorrow evening we open this sale at 7 o'clock so as to give the citizens here an opportunity of purchasing before the thousands of Woodmen day visitors reach town Thursday morning. Remember the hour—tomorrow evening at 7 o'clock. See window display.

RIDER'S, 163 WEST MILWAUKEE STREET

## FACTORIES TALK LOCATING HERE

SECRETARY BINGHAM IN CORRESPONDENCE WITH THEM.

### LOOKING THE FIELD OVER

Will Employ Several Hundred Hands, if They All Decide to Come.

Located as Janesville is upon the main lines of two great railroads, which tap the fertile northwest, its nearness to the great market of the world Chicago. Its proximity to Milwaukee. Its position on the direct line to the Pacific coast, via the great transcontinental roads of the north, makes it a most desirable proposition for manufacturers to consider when picking sites for new industries.

**Plenty of Help**  
There is plenty of help for any number of factories, and plenty of land on the outskirts of the city for the building of the factories. Even in the down town district of the city, there is plenty of room in many of the buildings for large and prosperous business places to be established.

**Good Facilities**  
Nor need the manufacturer fear for power to run his plant. Electricity, the recognized agent for all industry at present is to be had in abundance. Shipping facilities are also of the best. The two roads, the Northwestern and the Milwaukee and St. Paul have large yards here plenty of side tracks to the business portions of the city and as has been stated Janesville is on the main line of eastern and western traffic.

**Away From Cities**  
Manufactures are moving away from the cities. Labor troubles and close competition are driving them to seek smaller towns with easy access to the market. Janesville offers such. Secretary Bingham of the Business Men's Association is in communication with two Chicago firms who favor Janesville and one of them will send a representative here to confer with business men tonight as to locating. The second will be investigated and even two more are in reserve for future consideration. Should these four come it would mean employment for over three hundred hands at the least.

**Other Prospects**  
Aside from these two other Illinois firms are contemplating the feasibility of moving here and one firm has a representative here who is securing locations with a possibility of moving. The most probable of these two propositions manufactures lawn furniture and in its present location employs about twenty hands. If it comes to Janesville a hundred hands will be put to work at once and the number will doubtless be increased as the demand increases.

**Chicago Firm**  
The Chicago firm that has a representative here tonight employs 125 hands at present. They do not ask for a site or bonus but are looking for a Janesville man to invest capital in the concern. This part of the proposition is about settled and a prominent business man of this city is about ready to put his money into the business if all is just as represented. Doubtless this deal will be closed and if so by September 1 the factory may be entirely moved and Janesville the manufacturing place instead of Chicago.

### LOCAL PERSONAL PICK-UPS

Mrs. R. W. King of New York is the guest of relatives.  
Mr. and Mrs. A. F. Hall were in Beloit and Rockford yesterday.  
Tobacco business called A. S. Flagg of Edgerton to this city yesterday.

**Notice**  
There will be a special meeting of the Janesville Manufacturers' association at the Myers house at 7:30 this evening. Don Farnsworth, Pres.

## Y. M. C. A. WORK DOING NICELY

WEATHER DOES NOT AFFECT THE GYMNASIUM.

### HAS A LARGE JUNIOR CLASS

Will Be Open on Woodmen's Day, and Visitors Can Inspect the Building.

Most successful work is being done by the Young Men's Christian association of this city. Usually during the summer months the great interest in this sort of work lags but thus far Secretary Kline has no complaint to make on this score. If anything the spirit seems to be increasing. Of course in the fall, just as winter is about to come, many arrangements are being made for the entertainments of the members to keep their interest up and handball, basketball and other sports are indulged in throughout the winter. In the spring the thoughts turn toward outdoor games and it is usual that the gymnasium is entirely deserted during the summer.

**Good Class**  
This spring the Junior branch has a class numbering seventeen. The young men are all interested in the work and under the leadership of W. H. Dougherty are taking hold of the work with a vim. Mr. Dougherty is a rising young lawyer who has seven years' experience in the Y. M. C. A. work to back him up and he will doubtless make a most efficient leader.

**Gym Open**  
The gymnasium will be open every night of the week but Thursday when Senior members wish to use it. The apparatus is all in first class shape and the lighting good, that plenty of excellent exercise can be had by those who wish it with the best facilities.

**No Lunch**  
The Y. M. C. A. will not serve luncheon on Woodmen's picnic day owing to the fact that four churches will have luncheons spread to feed the hungry besides numerous stands which will be erected about the city. The building will, however, be open and visitors will be gladly shown through it by Mr. Kline or his assistants.

**Regular Meeting**  
On Monday next the first regular meeting of the new board of directors of the association will be held in the building. As there is much business of importance to be accomplished it is hoped the attendance will be large.

## SCHOOL BOARD HELD MEETING

Transacted Much Business of Importance on Work of the Year.

On the picnic day of the Modern Woodmen of America the schools of the city will probably be closed. The request of the picnic committee that such action be taken was submitted at a meeting of the school board last evening, and the matter was left to the discretion of the superintendent of schools. It is understood that if for any reason the picnic should not take place the schools would remain open, but otherwise they would be closed.

On recommendation of the committee on teachers the following appointments were approved: D. M. Manross, business department; A. L. Whitcomb, manual training; Agnes Greening, English; Ada M. Vickers, kindergarten at Jefferson school.

After some discussion of the advisability of heating the Lincoln school from the high school plant the matter was allowed to hold over to the next meeting of the board.

Instructions were given the clerk to secure bids for coal for the coming year.

The publication of the school annual was ordered.

### Expert Window Dresser

During the past few days hundreds of people have been attracted to the dry goods store of J. M. Hostwick & Sons by the patriotic window as draped by Mr. Gates in honor of Memorial day. Mr. Gates certainly made the scene a most impressive one and from all sides he received many compliments.

### Joseph Barrett

Joseph Barrett died this morning at the age of 73 years. He leaves one son, George Barrett, of Chicago, who is in the city. Joseph Barrett has lived in Janesville for 15 years, for the last two years he has been living with R. A. Barrett, this city. The funeral will be Wednesday at 10 o'clock. Services will be at the grave, Oak Hill cemetery.

### Fifty Years the Standard

**DR. PRICE'S CREAM BAKING POWDER**  
Awarded Highest Honors World's Fair Highest tests U.S. Gov't Chemists. PRICE BAKING POWDER CO., CHICAGO

There will be a special meeting of the Janesville Manufacturers' association at the Myers house at 7:30 this evening. Don Farnsworth, Pres.

## JUNE TERM HAS SMALL CALENDAR

The Circuit Court Opened Yesterday—Twenty-Eight Cases Listed.

With Judge Dunwiddle presiding the June term of the circuit court opened yesterday. Testimony was taken in the case of Smith against the city of Beloit and in the divorce suit of Annie Reemer and Herman Reemer. Twenty-eight cases were on the June calendar but probably less than one-half of them will come up for trial.

### REPORTORIAL GLEANINGS

**Car Killed Horse:** A horse was killed by an interurban car about four miles this side of Beloit Sunday.

**Will Play Sunday:** The Bass Creek and Rockford nines will meet on the diamond at Bensdale's park next Sunday.

**Novel Social Tonight:** The Christian Endeavor Society of the Congregational church will hold a free social in the parlors of the church tonight. Each member of the society who has earned fifty cents for the treasury will be asked to tell how it was done in four lines of verse. Lunch will be served in a fish pond.

**Last Dance of Season:** On Friday evening of this week the Rusk Lyceum will give their farewell dance of the year. It will be held in Central hall. These parties which the high school debating society has given during the year have been among the most pleasant social affairs, and the final number of the series will probably attract a large number of young people.

**Climbed the Pole:** Jim Frazier, a lineman of the Wisconsin telephone company is the man who has at last succeeded in climbing to the top of the courthouse flag pole and running the rope through the pulleys so that in the future the courthouse can raise its flag when necessary. The pole is thirty-eight feet above the roof and the height of the building makes it about a hundred foot elevation. Frazier had to shin the pole, which is of iron, from the roof up. He says it was fun and is ready to tackle any other pole even twice as high.

## Place Your Order Tomorrow.

## GRADUATE NEXT WEEK THURSDAY

FIFTY-THREE YOUNG LADIES AND GENTLEMEN IN CLASS.

### TO BE ELABORATE EXERCISES

Will Begin on Tuesday—Diplomas Are To Be Presented on Thursday Evening.

Fifty-three young ladies and gentlemen will be graduated from the Janesville high school next week. Three nights will be devoted to the commencement exercises, commencing with Tuesday, and the following week the annual senior party will be given at Central hall.

Of the fifty-three members of the class more than one-half of the number are boys, a proportion which has never before existed in a high school graduating class in this city. Class exercises and a few of the graduating exercises will form the attraction for Tuesday evening. On the following night the three plays will be presented by the class each being a single act in length. Thursday evening theses and oration will be delivered, followed by the awarding of diplomas. Friday night the alumni banquet will be held.

## OPERA HOUSE HAS GOOD SHOW

"Little Conny" Captured the Hearts of the Audience Last Night.

"Little Conny" captured the heart of every man woman and child who came Comedy company at the Myers tended the performance of the Ly-Grand last evening. In "Roanoke" she repeated the success she achieved on the last appearance of the company in this city. As a dancer she is graceful and not afraid of work, and her singing compares favorably with that of many an older performer. The remainder of the company does well enough.

**Notice**

Mr. and Mrs. Richard Stark entertained friends from Evansville Sunday.

The linemen of the Footville Telephone company were repairing the line in this vicinity on Friday.

## RICHMOND

Richmond, June 2.—The electrical storm of last week did considerable damage. Mr. Fred Goodyear had two horses were struck by lightning while standing in the barn and Mr. Chas. Mack lost three cows in the same way.

Miss Sue Rosecrans had an entertainment and social at her school Friday evening.

Mr. and Mrs. P. J. Ward and children of Janesville spent Sunday at Thos. Caveny's.

## THE MEN AND WOMEN

Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanently to universal acceptance. However loudly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and learning the real worth of the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. The above is true not of food products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and carminative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system he will tell you that it is the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that Syrup of Figs is an excellent laxative and is glad to sell it, at the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only; the name of the remedy—Syrup of Figs and also the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

The Beer That Made Milwaukee Famous

# Thousands of Smokers Made Happy.

## BELMONT AND VEDORA CIGARS.

### BELMONT

Smokers who believe in 10 cent cigar values have found the BELMONT the equal to any high grade smoke on the market. Sumatra wrapper and Havana filler and every one a strictly Union Made Cigar.

### VEDORA

Five cent cigar values were never the equal of the VEDORA cigar. The material we use is the finest that it is possible to place in a 5 cent make. Call for a VEDORA and you will be an everlasting friend of this popular brand.

All live dealers sell the Belmont and Vedora brand of cigars. During the past few weeks our factory has been remodeled throughout. Woodmen Picnic Day we will keep "open house". You are invited to call on this day and inspect our model place of business.

Harry O. Schmidley,

Union Shop. North Main Street. Janesville, Wis.

## WOODMAN DAY! ....PROGRAMME....

Thursday morning at 7 o'clock, the first of many special train will pull into the city. By 10 o'clock fully 20,000 visitors are expected. At an early hour the parade will be started, composed of 30 bands and thousands of Woodmen. At noon dinner will be served in all portions of the city. In the afternoon a ball game and horse races will take place. But don't overlook the fact that at the shoe store of Amos Rehberg & Co., a red hot shoe program will be carried out from 7 o'clock Wednesday morning till closing time Thursday evening. Prices will be in force that should induce shoe buying whether to supply your immediate or future needs.

## Our Five Stores Will Be Open All Day Thursday.

### Woodmen Visitors Invited.

To the thousands of visitors who will be in Janesville on Thursday June 4 we extend a cordial invitation to visit our stores. We are now operating the largest department store in southern Wisconsin, and are making interesting prices in every department. We will keep our grocery department open the entire day. City patrons should place their orders not later than 6 o'clock Wednesday afternoon so that our wagons can leave for early delivery Thursday morning before the streets become crowded. This also applies to all meat orders. Both Phones.

**LOWELL Company**  
South River Street

## J.M. BOSTWICK & SONS.

### We are making special low prices on Ready-to-wear Garments.

We are in a position to supply almost any want. Our assortment of silk coats and wool jackets is unusually complete. Many beautiful exclusive creations, all priced low. For dressy occasions we have a line of suits made of etamine and pongee materials in beautiful light colors. The styles are the latest and the prices much less than you would expect. Could not be made for from 20 to 40 more than our selling prices, because we bought them very much under regular prices and customers get the benefit. For summer wear we have lovely etamine and mohair wool skirts in white, black, and colors, at \$3.50 to \$25. It will certainly pay one to get posted on our line before investing. We can save you many dollars and you have the advantage of the most complete stock in Janesville to select from.
